

## 6<sup>th</sup> MI IC1 SMART GRIDS Public Event

**Date:** Tuesday, November 12<sup>th</sup>, 2019    **Time:** 13:00 – 18:00 hrs.

**Organizers:** MI Innovation Challenge on Smart Grids (IC1),  
French Ministry for Ecology, Sustainable Development, and Think Smartgrids

**Location:** European Utility Week (EUW), Porte de Versailles Parc des Expositions (Espace 2000 room), Paris,  
France (Metro Line 12 Porte de Versailles)

13.00 – 13.30	<b>Welcome coffee and Registration</b>
13.30 – 14.00	<b>Welcome by the host and IC1 co-leads</b> <i>IC1 co-Leads: Luciano Martini (Italy), Yibo Wang (China), Sanjay Bajpai (India)</i> <b>Olivier Grabette</b> , “Smart grids for a sustainable energy transition”, Thinksmartgrids Chairman, member of the board of RTE (French TSO)
14.00 – 14.25	<b>Opening of the 6<sup>th</sup> IC1 Public Event</b> - <b>Laurent Michel</b> , General Director for Energy & Climate, Ministry for Ecology, Sustainable Development and Energy - <b>Yuming Sun</b> , Minister Counsellor of Chinese Embassy in Paris, China - <b>Sanjay Bajpai</b> , Department of Science & Technology, India - <b>Stefania Rosina</b> , Minister Counsellor of Italian Embassy in Paris, Italy
14.25 – 14.40	<b>Keynote Speech: Dominique Jamme</b> , “Smart regulation for smart grids” Managing Director from <b>French Energy Regulator CRE</b> .
14.40 – 15.00	<b><u>IC1 recent achievements and future plan</u></b> <i>IC1 co-leads (Luciano Martini, N. P. Padhy)</i>
15.00 – 15.30	<b>Keynote speech</b> <b>“Accelerating Innovation for the Clean Energy Transitions”</b> , <b>Dave Turk</b> – International Energy Agency.
15.30 – 16.35	<b><u>Roundtable I: Challenges and Opportunities of the Network Digitalization</u></b> <b>Moderator: Luciano Martini</b> , RSE (Italy). <i>The discussion will focus on the potential unleashed by the network digitalization and digital layer integration within the smart grids. What will be the impact of digitalization on the utilities business and for the citizens?</i> <b>Panelists: 6-7 minutes statement followed by a 30 minutes panel discussion</b> <b>Yves Barlier</b> , Head of Smart grids ENEDIS; <b>Franck Freyconon</b> , Energy & Utilities Managing Director ATOS; <b>Maher Chebbo</b> , Global chief innovation officer GE Power / ETIP SNET WG4 Chair; <b>Robert Denda</b> , Head of Network technology and innovability, ENEL Global Infrastructure and Networks; <b>Christian Feisst</b> , Greencom Networks CEO / ETIP SNET.
16.35 - 17.40	<b><u>Roundtable II: Which business model for smart grids, and for sustainable energy projects?</u></b> <b>Moderator: Valérie-Anne Lencznar</b> , Managing director Think Smartgrids (France). <i>The discussion will focus on which, beyond the usual cost/benefits analysis, are the qualitative or immaterial benefits associated with the implementation of smart grids system and sustainable energy projects, and how can they be quantified?</i> <b>Panelists: 6-7 minutes statement followed by a 30 minutes panel discussion</b> <b>Maarten Noeninckx</b> - ExCo Vice Chair ISGAN, Strategic Advisor Directorate-General Energy; <b>Sally Fenton</b> , Department of Energy and Climate Change – UK; <b>N. P. Padhy</b> , IITR India; <b>Alexandre Prieur</b> , Director, Renewable energy integration, Natural Resources Canada.
17.40 – 17.50	<b>Key Announcements</b> Moderator: IC1 co-Leads ▪ New smart grids Collaboration Opportunities in IC1 Countries: EC H2020 Call “SC3-ES-12-2020-IA “Integrated local energy systems (Energy islands): International cooperation with India” (Laurent Bochereau, EC DG RTD). ▪ Other Announcements as requested by IC1 Members
17.50 – 18.00	<b>Closing Remarks</b>
